Liquors and Imported and Domestic Cigars

Happenings in and Around Frank

R. G. Rice, of Toronto, was in town on Monday.

Rev. K. Kingston was in Coleman on Monday evening.

"Rob" Petrie and "Billy" Miller will give a ten-round boxing contest in the Miners' hall on Monday evening next.

H. T. Lloyd, electrical engineer of the Canadian Coal Consolidated, returned from a trip to Calgary and Edmonton on Saturday last.

Ice cream and refreshments will be served on the veranda or the inside of the Rocky Mountain Sanatorium every Wednesday and Sunday all day.

W. R. Wilson, the newly appointed general manager of the Crow's Nest Pass Coal Co., arrived in Frank from Toronto on Monday morning. He left at 7 p.m. for Fernie.

J. H. Mollett and H. A. McKillop, both of Lethbridge, came to town on Sunday and left on Monday for the South Fork of the Old Man river where they will spend some time fishing.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of any accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by dealers everywhere.

A fifteen round boxing contest will be given in the Miners' hall on Wednesday evening next between Charlie Burrows and Jack Pigeon. Two fast preliminaries will also be given the same evening before the main bout will take place.

R. G. McNeillie, district passenger agent of the C. P. R. at Calgary, is in the city today. He is getting facts and figures from the local ticket office for his report on the projected scheme to put on a dining car service from Lethbridge to Calgary on the afternoon train. He is also investigating the idea of putting on week-end excursions from Lethbridge to Frank for the summer. —Lethbridge Herald.

Lewis Stockett came down from Homer on Monday and presided at the conference of the Western Coal Operators Association, held at the Sanatorium the same day. He was not looking too well and was apparently in very bad humor. Your correspondent could obtain no information from him regarding the present deadlock between the operators and the miners, and the object of conference. He was as mum as an oyster.

Your tongue is coated. Your breath is foul. Headaches come and go. These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by dealers everywhere.

Mr. Lang's Monster Sale

A. V. Lang is putting on a mammoth sale. He is offering his goods at prices that have never before been known in The Pass. It is already the main topic around town and a very large business is in store for Mr. Lang so long as the present, exceptionally low prices prevail at his large and well stocked establishment. The citizens of Frank and nearby towns would do well to visit Mr. Lang's store during this great bargain sale when goods will be sold at astonishing low prices.

The U. M. W. of A. are trying to bring about a provincial strike in Nova Scotia.

Coal Mines Still Idle

The strike has not yet been settled and the coal mines in this district are still idle. However, in view of the interest taken in the matter by the government, and of the action of the Western Coal Operators association in agreeing to a board of enquiry, and also of the miners in doing their part to hasten an early settlement, it is generally believed that the end of the strike is but a short way off.

Baseball Players Meet

The Blairmore baseball enthusiasts met in the C. P. R. station on Friday evening last. The Blairmore club was reorganized and the following officers elected: Hon. Pres., R. W. Coulthard; Hon. V. P., T. Frayer; Pres., H. E. Lyon; 1st V. P., C. J. Pegg; 2nd V. P., H. F. Weber; manager, W. Adamson; Sec-Treas., G. Pasmore. The following committee was appointed to arrange for a smoker which will probably be held on Saturday of next week: G. Ingham, T. Burns, A. W. Polson, J. Hennersey and H. Benson. G. Pasmore, J. D. S. Barrett and L. Gale were appointed to interview the coal company and other large property owners regarding a suitable ground on which to play. Much enthusiasm was shown and it was very plain that Blairmore had many good players. A league, called the Crow's Nest Pass League will likely be formed. Hoemer, Michel, Coleman, Frank and Bellevue will be asked to come in with Blairmore and form this league.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition and restoring the organs of the body to health and strength. Sold by dealers everywhere.

Here and There

Fifty strikers have been arrested at Prince Rupert, B. C. All but one were foreigners. Strike breakers have been brought in.

Rev. W. A. Swayne, vicar of St. Aiden's church, Leeds, England, has resigned to become a missionary in the Crow's Nest Pass, with headquarters at Lundbreck. Mr. Swayne is a brother-in-law of Lord Argydale.

The Copper River and Northwestern railway between Cordova and Kennecott, Alaska, has just been completed. This railway is owned by the Guggenheim-Morgan Syndicate and was built at a cost of \$20,000,000. The construction of the road was one of the most remarkable engineering feats of modern times.

The steamship Harlaw, owned by J. A. Farquhar & Co., Halifax, Nova Scotia, was lost on Friday last in the Gulf of St. Lawrence. The steamer was prosecuting the sealing voyage in the Gulf, having sailed out of St. John's, Nfld., on March 13th, with a Newfoundland crew numbering about 160 men. On the night of the 7th inst. the ship became jammed and was crushed to pieces by the ice floes; but the crews were all landed safely at Cape Bretton. The Harlaw was a staunch boat of about 300 tons, and for years plied in the passenger and freight service between Cape Bretton and Newfoundland ports, and in late years prosecuted the seal fishery in which Quebec she proved very fortunate.

Diarrhoea should be cured without loss of time by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant and safe to take. Sold by dealers everywhere.

Happenings in and Around Bellevue

J. Brownrigg has been in Hoemer for the week visiting relatives.

E. W. Christie and family are again isolated on account of scarlet fever.

Mr. Holroyd and the Rev. T. D. Jones would like to hear of any chessplayers in the neighborhood.

The subject of the sermon at the Methodist church next Sunday night will be "Life's Possibilities Beyond Death," and the preacher will be Rev. T. D. Jones.

The young men who last week went to Calgary seeking work have returned. The spring immigrant is coming and the labor market for some weeks is over stocked.

The R. N. W. M. P. are establishing headquarters here. We have an ideal home for every kind of settler. The town is noted among mining towns for its orderliness, and it is understood that the coming of the police does not suggest any departure from the traditions of the past, and is only the result of the centrality of Bellevue at last being recognized. Hillcrest, Lillie, Maple Leaf and Passburg are within easy reach in case of emergency, and the R. N. W. M. P. seek after the greatest possible efficiency in this new move.

The School Board trustees have for some time been considering the question of the erection of a new school. They have recognized for months that the present accommodation is inadequate, but their hands have been tied by lack of means to grapple with the situation. Recently, however, Bellevue was constituted a village for school purposes and this has opened the way for action.

W. H. Chappell, junior, has been appointed assessor and it is expected that funds will be forthcoming sufficient to engage the service of two regular teachers as soon as there is sufficient accommodation.

Plans have been drawn out for a school having four rooms and a basement, which when specifications have been made will be submitted for tenders, then for the endorsement of the government and then to the ratepayers for their sanction. The school will be one of the most modern in the Pass and is badly needed.

School at present is held in a house 24 x 24 and one teacher has charge of 72 pupils of all ages and nationalities, whilst numbers of children are compelled to remain at home owing to lack of room. The teacher, Mr. Anderson, is doing splendid work in spite of all the difficulty.

Coleman Notes

The International Coal & Coke Company is installing more boilers and other machinery at their already large and well-equipped plant.

The members of the local Orange lodge have decided to join their brethren at Blairmore for a monster demonstration on the 12th of July.

A successful entertainment and social was given in the Institutional church on Monday evening. A large number came in from Blairmore and Frank.

A vocal contest will be given in the opera house here on Monday evening next. Mrs. Bessie Evans-Duggan, of London, Eng., will act as judge. Prizes will be awarded.

NOTICE

Notice is hereby given that in accordance with the provisions of The Irrigation Act, the following Certificate Limited, have and the necessary memorial and plans required by Section 15 and 16 of the said Act, with the Commissioner of Irrigation at Calgary, Alta. The applicant Company applies for the right to divert five cubic feet of water per second from the main line of the North-West quarter of Sec. 18 Township 1, Range 1, West, 4th Meridian, for other purposes and for the right to construct the necessary works as shown on the memorial and plans filed to enable the water so diverted to be used for the said purposes and the Company's mine-sited in the Village of Blairmore. The said right-of-way for the proposed works, viz: the said main line of the North-West quarter of Sec. 18 Township 1, Range 1, West, and the north-east quarter of Section 18, the north-east corner of Section 11 and certain streets and avenues in the Village of Blairmore, and in the said Township and Range. DATED at BLAIRMORE, ALTA. this 9th day of March 1911. BLAIRMORE CONSOLIDATED LIMITED Applicant.

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with animation. It has encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOUTIQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Women are apt to desire beauty more than brains, but they know their own business.

To whom it may concern: This is to certify that I have used MINARD'S LINIMENT myself as well as prescribed it in my private practice, and it does its work surely and promptly.

C. A. KING, M.D.

An optimist is a man born without a liver.

Sweet and palatable, Mother Graves' Sweet Eucalypti is accepted by all children and it does its work surely and promptly.

It is a terrible thing for one man to be right when the whole world is wrong. What an awful responsibility it puts on him. And yet how many of us daily assume it without a quiver.

For Skin Health

A lifetime of disfigurement and suffering often results from improper treatment of the skin or neglect of simple skin affections. Cuticura Soap, assisted by Cuticura Ointment, affords the purest, sweetest and most economical method of caring for the complexion, preventing minor eruptions from becoming chronic, and speedily dispelling severe eczemas and other torturing humors, itching and irritations, from infancy to age.

Cuticura Soap and Ointment are sold by druggists everywhere. Foster Drug Co., Chicago, Sole Price, 10c. Sold by mail, Cuticura Soap on the face of skin and soap.

W. N. U., No. 329.

"THE SARN MAJOR."

About the "C-wind" King of the Lower Rank.

"Sergeant-Majors are unpopular," said ex-Sergeant-Major Robert Edmondson in a recent famous law suit. And he was about right.

In the days of Queen Elizabeth the sergeant-major could afford to ignore this; for he ranked as a sort of brigadier on the staff, with pay at \$5 a day, just double the colonel's rate.

But, alas! he fell on evil days, for by 1800 that princely salary had been reduced to 40 1/2 cents per day.

He gets three times as much to-day, and in his way he approximates to what Tommy Atkins calls "a tin god."

But his evil genius is still at work. The officers who want unpleasant duties done, fly to the sergeant-major.

If rubbish has to be cleared away, or a trench dug, or baggage loaded, or extra sentries mounted, or coal carried, the sergeant-major has to "find" the men.

His chief fly to him to see that everybody else does theirs. He cannot, then, expect popularity any more than the men.

There is that terrible "Sergeant-Major's parade," generally in the early morning, and which is mostly of rapid evolutions that mean torture to the older non-commissioned officer.

But there is no escaping him. If you laid a blister on one foot, he would believe in the gymnasium for hopping exercises.

If you pleaded inability to do fatigue work because of injured hands, he may have you harnessed to the heavy roller on the officers' cricket.

One bold Tommy pleaded exemption from church parade on the ground that he was an agnostic.

The sergeant-major assumed an expression of innocent interest.

"What's the matter with the Commandments?" he mildly asked the bold free-thinker.

"Not one, sir," was the reply. "What! Not the rule about keeping the Sabbath?"

"No, sir."

"Ah! Well, you're the very man I've been looking for to scrub out the canteen!"

The sergeant-major wears a gold crown on the arm, of course—which is the envy of all the non-commissioned ranks. He must always be addressed as "Sir"; and, if other staff-sergeants share his privileges of gold lace and slung sword, the sergeant-major is a one-man who ever unshies.

Yet, with all these privileges, the sergeant-major cannot escape his evil genius. He is responsible for seeing that the canteen and sergeants' mess are cleared out at night; he has to remove the caps of prisoners before marching them in for their "inter-view" with the colonel, and his stripes as well, if they be needed.

But he has the goodly compensation of marching at the head of the regiment, next behind the colonel.

The S.M. is generally credited with the ability to drill a squad on a three-penny-bit. And during the war, known as marking-time, a lack of harmony mars a squad consisting of only two recruits.

If sergeant-majors be doomed to unpopularity, there is obviously unlimited popularity for the soldier who can take them "down a peg."

Private Murphy was being treated right royally in the regimental canteen, and his comrade Jones watched the proceedings with a jealous eye.

He inquired the reason.

"Why, Murphy's the regimental here," was the reply. There was a company cricket-match this afternoon and Murphy was one of the bowlers. He's a great bowler, is Murphy."

"Oh! Is he got 'em out quick; did he trick 'em?"

"No, he didn't; he never hit the wicket once."

"Thought you said he was a great bowler?"

"So he is. Why, man alive, he knocked out four the sergeant-major's teeth last ball. The bouncer would be able to shout, 'Shut 'em away, were 'Shun!' until he gets a new set."

In the Good Old Times.

In the brand of "P" figures in an extraordinary act passed by our Parliament in 1847, says a London paper.

Any able-bodied man or woman found loitering and not seeking work for the space of three days could be seized and brought before two justices of the peace, who, upon confession or on the proof of two witnesses, shall immediately cause the said laborer to be marked with a hot iron.

The brand "W" and adjudge the said person to be his slave for two years.

The said slave shall be made to work by beating, chaining, or otherwise.

If convicted of running away during the period, the justices could cause him to be branded on the forehead.

If he was branded with the letter "S" and then adjudged to his master as a slave for ever. For running away a second time the penalty was death.

Birds Are Easy.

Rev. Mr. Philip, of Essex, referring to the large variety of spring birds already seen, says: "I have been the earliest coming that I have ever known and I have kept track of their migration for many years."

Henry VIII. Introduced Grain.

The grain, as a unit of measurement, was introduced by Henry VIII. who ordered a grain of wheat gathered from the middle of the ear to be the standard of weight.

He's Surely One.

"Pop!"

"Yes, my boy."

"What is an ultimate consumer?"

"Why, you are, my son. You're at ways the last one to leave the table."

An Unfailing Sign.

"I'm afraid Maud's second marriage is a failure."

"And she say so?"

"No, but she's beginning to speak well of her first husband."

Coronation Gift to King George V.

The loyal subjects of His Majesty in every part of the British Empire, bearing the Christian name of George, are invited to unite in making a gift to His Majesty on the occasion of his coronation, the most auspicious event of his life.

The contribution may be as small as a penny, but in no case may it exceed five dollars.

A list of the names of all donors, but not the amount given by each, will be sent to the King, who will decide what part of the presents is to take.

From the interest already aroused it is anticipated that there will be a liberal response, and that a sufficient sum will be raised to pay for a handsome personal ornament and still leave a large sum to be devoted to charity.

His Excellency, Earl Grey, is taking the interest in this fitting tribute, and at his request, His Honor, Sir Daniel H. McMillan, is initiating the movement in Manitoba, and is endeavoring to allow all sums contributed in this province to be sent to him at Government House.

The mayors and reeves of cities, towns and villages, the public school teachers and the members of Canadian Clubs and other patriotic societies are cordially invited to co-operate in bringing this most loyal protest to a successful conclusion.

The last day for receiving contributions is April 30th, and if this province is to make a creditable showing no time is to be lost.

There is no set method of work. Each city, town, school or patriotic society may work as it thinks best.

All letters containing contributions are to be addressed to:

SIR DANIEL H. McMILLAN, Government House, Winnipeg.

Envelopes also to be marked C. G. E. G.

Any further information may be had on writing to R. H. Smith, Hon. Secretary C. G. E. G., Winnipeg.

Winnipeg, March 15, 1911.

Typhoid fever and other epidemics prove to be diminished by floods, instead of being increased, as has been supposed.

It takes a woman to start to put something in a letter, write sixteen pages, mail it, and then remember she forgot to put in any of the things she wrote it for.

Nature's Cure for a Cough

Dr. Chase's Syrup of Linseed and Turpentine is the Most Largely Utilized Medicine in the Country.

What to give the children for croup and colds is the problem mothers now have to solve. Most of them finally decide on Dr. Chase's Syrup of Linseed and Turpentine, but you can't put much faith in an imitation which sells on the reputation of the article it imitates.

So generally is this great medicine used that several imitations have been put on the market. All alike in name only. They are not made from the same formula, nor do they bear the name of Dr. Chase.

You know what you can expect from the use of Dr. Chase's Syrup of Linseed and Turpentine, but you can't put much faith in an imitation which sells on the reputation of the article it imitates.

On every bottle of the genuine will be found the portrait and signature of W. W. Chase, M.D. (Specialist in Croup and Colds). This is your protection and for the protection of your children. Be sure you get the genuine, even if it costs a few cents more. 25 cents a bottle, family size 50 cents, all druggists or Edmondson, Bates & Co., Toronto.

Professor Zelensky, of the university, says that in fifty years at Harvard there has not been a valdeletorian who used tobacco. This information will drive many a youth to the house.

FROM EVERY CORNER OF THE DOMINION

COME REPORTS OF CURES MADE BY DODD'S KIDNEY PILLS.

Magdalen Islands, Quebec, tell of Mrs. Cormier, a sufferer for six years, who was made a new woman by Dodd's Kidney Pills.

Amherst Island, Havre Aubert, Magdalen Islands, Que. (Specialist in Croup and Colds).

That suffering women in all corners of Canada are being restored to health by Dodd's Kidney Pills is shown by the press every day, and this island is not without its striking example.

Mrs. Peter C. Cormier, a well-known and estimable resident tells the following story of her cure:

"For six years I suffered with Rheumatism, Backache and Nervousness. I could not rest at night, and I was always tired. My limbs were heavy and I had a dragging sensation across the loins."

"Hearing of cures by Dodd's Kidney Pills I decided to try them. Seven boxes made a new woman of me."

For a score of years Dodd's Kidney Pills have been in use in Canada. They have been tried in thousands of cases and there is not on record a single case where they have failed to cure disease. Kidneys. Thousands of Canadian men and women will tell you they owe their good health to Dodd's Kidney Pills.

Minard's Liniment relieves Neuralgia

If a man does well in a small town he soon gets the idea that he could do better in a city.

Displeasure—Sleep is the great restorer, and to be deprived of it is a trial. Whatever may be the cause of it, indigestion, nervous derangement, or mental worry, try a course of Parmentier's Vegetable Pills. By regulating the action of the stomach, where the trouble lies, they will remove nervous conditions and healthy sleep will follow. They exert a sedative force upon the nerves and where there is unrest they bring rest.

White olecloth is the best covering for pantry shelves. Keep red pepper around the edges to ward off the insects.

"Well, how do you like your job?" queried the inkwell to the new blotter. "Oh, I think I'll like it all right," replied the blotter. "It is certainly absorbing."

Willie—"Not for mine. I had one of them things put on a tooth once."

Shiloh's Cure

quickly stops coughs, cures colds, breaks the throat and lungs. 25 cents.

Shiloh's Cure

CANADA CEMENT COMPANY, LIMITED.

Annual Report of the Board of Directors.

TO THE SHAREHOLDERS:

Your Directors beg to present herewith the annual statement of the affairs and financial position of the Canada Cement Company, Limited, as of the 31st December, 1910.

In presenting the Balance Sheet, we call attention to the Company's strong financial position as disclosed by the large amount of cash on hand, and other quick assets, and the comparatively small amount of current liabilities. After providing for interest on our Bonds and Dividends on our Preferred Stock for the year, we have been able to set up reserves for depreciation, extraordinary repairs and renewals, bad debts, etc., and carry forward a substantial balance to Surplus Account.

The consumption of cement during the past year was not as large as anticipated. Our business also suffered on account of the Railways not being able to meet our full requirements for cars during the heavy shipping season; consequently, we carry over from last year 751,116 barrels of cement.

Early in 1910 the price of our product was fixed at a lower price than cement had ever been sold for in Canada, excepting for a short period in 1909, but your Directors are pleased to state that the anticipated savings in manufacturing and distributing our products were such that they were able to still further reduce this price.

We trust, when you consider the above mentioned conditions, and also the fact that during 1910 our plants were only operated to 57.6 per cent. of their capacity, the profits shown will be satisfactory to the Shareholders.

During the current year we look for a larger natural demand, which demand will be stimulated by continuing to manufacture a strictly high grade article, and by selling it at the lowest possible price. This anticipated increase will enable us to operate our plants to better advantage than in the past, but we do not expect that the demand will be sufficient to enable us to put into operation either of the two plants which have been idle since the organization of this Company. However, it is confidently expected that the increased demand, and increased output, will result in further savings in the cost of manufacture and distribution, and it is the policy of your Directors to give your customers the benefit of these reductions.

The Shareholders' profits will depend on the increased volume of the Company's business, the policy of the Company being the maintenance of such a stable position as will insure regular and uniform payments of interest on its bonds and dividends on its Preferred Stock, and at the same time be in a position to withstand any unforeseen emergency that may arise consequent on business depression or otherwise, which condition naturally necessitates the accumulation of, and the maintenance of, a large cash reserve.

It is also the policy of the Company to equalize the price of cement throughout Canada in so far as the physical conditions make such possible, and in furtherance of this policy, your Directors have arranged to purchase a site near Winnipeg, on which they will erect, this year, a mill to grind clinker, which clinker will be shipped from one of our Eastern mills. The buildings, machinery, etc., will be planned so that, should it at any time in the future be advisable, a Burning Department can be added, and the clinker produced on the property.

And further, an agreement has been entered into whereby this Company expects to acquire, in the near future, a property at Exshaw, which, added to our Calgary plant, and the projected plant at Winnipeg, will put us in the position of anticipating any extraordinary growth in the consumption of cement in the Great West.

With a view of educating the public, and popularizing the use of cement, in addition to the ordinary advertising, the Company has published a small book illustrating some of the many uses to which cement may be put, for which book there has been a great demand, 25,000 applications for same having been received during the past six months.

For the purpose of stimulating interest in the Company on behalf of the Employees, both in efficiency and cheapening production, as well as creating a feeling of mutual goodwill, your Directors deem it expedient to introduce a system, already adopted by several large industrial corporations with beneficial results, viz., to enable employees to become the possessors of Preferred and Common Stock at prices which will be attractive to them, the employees paying a fixed amount per share per month out of their earnings, and the Company carrying the stock for them, charging a rate of 5 p.c. interest. If the plan is put into effect, all dividends will be credited to the employees applying for the stock. Said stock will be held in trust for the employee for a term of five years, excepting in exceptional cases, such as death, when his heirs will receive what benefit a deceased employee has derived from subscribing to the stock.

Your Directors feel that the policy, as herein outlined, will, as nearly as possible, make the interests of the consumers, the employees, and the shareholders identical, and will insure to the most enduring and beneficial results for all concerned.

All of which is respectfully submitted,

On behalf of the Board of Directors,

WILLIAM C. EDWARDS,
President.

Frank, Alta., Friday, April 14, '11

Easter
We are now at the time of the year
when we are reminded more plainly
than at any other time during the
365 days of the greatest crime that
has ever been recorded in the history
of the world or that has ever been
enacted since the first faint flush
of the dawn of time—the death of Jesus
Christ, which is commemorated on
Good Friday. But closely following
this, there is the anniversary of one
of the most glorious and greatest
events, equal only by the birthday of
the world's Great Redeemer—the
revelation of the Saviour of this
sinful world, which is celebrated
Easter Sunday.

Good Friday. Sacred as the com-
memoration of the crucifixion of our
Lord. From very early period this
day has been kept as a day of
mourning and of solemn and mel-
ancholy ceremonial. In nearly all
churches throughout Christendom
this day is celebrated with special
solemnity. Although in Scotland,
the day meets with no peculiar at-
tention except by members of the
Episcopal and Roman Catholic com-
munities. In the early times it was
one of the two paschal days celebra-
ted by the Christian church, and in
memory of the crucifixion, was called
by the Greeks "Pascha Staurosion,"
or the "Pasch of the Cross."

Ever. The festival of the resur-
rection of Jesus Christ derives prob-
ably its Teutonic name from the fes-
tival of the goddess Ostara. Prior
to the eleventh century, the celebra-
tion of Easter lasted several days;
since then, however, it was limited
to three, and in later times, gener-
ally to two days. It was formerly
the favorite time for performing bac-
chanals. The courts of justice were
closed, and aims directed to the
poor and needy, who were even
feasted in the churches—a custom
which led to much disorder. Slaves
also received their freedom at that
season; and as the austerities of Lent
were over, the people gave them-
selves up to enjoyment; hence the
day was called the "Sunday of Joy."

Many of the popular observances
connected with Easter are clearly of
the morning or east, and also of the
opening year or spring. The Anglo-
Saxon name of April was *Eostromon-
ath*; and it is still known in Germany
as *Ostern-monath*. Joy at the rising
of the natural sun, and at the awak-
ing of nature from the death of
winter, became joy in the rising of
the sun of Righteousness—at the
resurrection of Christ from the grave.

Editorial Brieflets
A Joyful Easter.

Fresh eggs, we mean new
laid eggs, at Easter have
something about them that a
turkey has at Christmas.

Jack Johnson is badly needed
in some of Blairmore's back
yards. He's the boy to clean
'em up.

Easter reminds us of eggs,
and, as an old farmer once re-
marked, "it is lucky for us all
that the hens are not out on
strike."

Some of the Ottawa papers
say that Hon. Clifford Sifton
may join the Conservative
party. But, then, those Liberal
organs are always saying un-
pleasant things about the oppo-
sition.

Says Br'er Walker, of the
Enderby Press: "When a duck
lays an egg she just waddles off
as if nothing had happened. When
a hen lays an egg there is a
h— of a noise." The hen
advertises—hence the big de-
mand for hens' eggs especially
at Easter time.

Now, that all trouble over
the Blairmore cemetery is ap-
parently over, would it not be
a good move if Frank and Lille
joined Blairmore in making it
a respectable place in which to
bury the dead? The Blairmore
cemetery is often used by Lille
and Frank people, and we be-
lieve that they will immediately
see the fairness of our sugges-
tion.

John Herron, our member in
the Dominion house, is showing
his deep interest in matters
which pertain to the welfare of
his constituency. Practically,
nothing had been said at Otta-
wa regarding the present dead-
lock which prevails here be-
tween the miners and opera-
tors until Honest John inter-
ceded on our behalf with the
result that the government has
promised to appoint a board of
enquiry if an agreement be-
tween the operators and miners
is not soon reached.

The Blairmore council is
looking for a suitable piece
of land to use as a nuisance
ground. They also want a
place on which to erect an
isolated hospital, and a pest
house. The pest house which
Blairmore has at present is on
the road and must be removed.
The most suitable place so far
considered is a ten-acre piece
south-east of the town. We
would like to point out to the
councillors the dire necessity of
having a nuisance ground, and
would urge upon them to take
immediate action, and put an
end to the present condition
which is that of nearly every
back yard being a nuisance
ground.

News of World-Wide Interest From the Canadian Metropolis

(From Our Own Correspondent)

Montreal, April 12.—In this
great city of Montreal there is an
over-increasing army of wage ear-
ning women. These girls and
women are employed in schools,
offices, shops, private homes, and
other places too numerous to men-
tion. They pour into our city
from the country districts of Cana-
da, from the smaller towns and
villages. They come across the
ocean from the Motherland, and,
in small numbers, from the south.
Here they gather to work and to
live. They have to work, and
they live as best they can.

Further than accepting freely of
their work Montreal has, thus far,
done little for this class of her
population. "And Montreal is just
beginning to realize that she is in
debt. Shortly before Sir Thomas
Shaughnessy went abroad a few
gentlemen, most of them in the
ever expanding millionaire class,
sat in the smoking room of the
Mount Royal Club. The question
of society's duty to the working
girl arose. The president of the
Canadian Pacific jumped to his
feet, paced the room a couple of
times and thus expresses him-
self:—"The young men of our day
have everything. They have club
houses, they have well stocked
reading rooms, they have comfort-
able and convenient meeting
places. Our young women hear
the bustle and roar of business
about their ears nine hours a day
for six days a week. The rest of
the time they spend in the back
hall bed room of a boarding house
thinking about it. The more
pleasant and quiet you can make
your employees' surroundings the

The "2" Big Stores

The General Run of Paints

are first-rate for ordinary purposes.
But we claim that our paints are
above the general run, and will out-
last the others.

If you want paints that are really
good, our store is the place to get
them. We have them in all the
colors in general use, and when once
you see our paints, you'll feel satis-
fied that they are the best.

A NECESSARY
element to make your house, fence
or barn look neat and attractive is to
give it a coat or two of paint occa-
sionally. Buy some now. You'll
need it sooner or later. We charge
very moderate prices for it.

Watch our "ad" and window each week. It will pay you.

more cheerful work you can get
out of them. We consider money
well spent on the C. P. R. if it can
eliminate noise thereby. The
other day I had several noiseless
typewriters installed. Some of the
girls objected because the touch
did not suit them. Some genius
invented an attachment which
made the touch similar to any
standard machine a stenographer
happened to be accustomed to. It
cost us money and it cost the typ-
ewriter people money to make the
change, but the change took a use-
less click out of life. If a man
invented an attachment that would
make a train noiseless I would
have it if it cost a fortune. It's
the bumps and clicks of the day's
work that make us weary."

It was this little speech, spoken
on the spur of the moment, which
sowed the seed for larger things.
A real home for working women
was suggested—a home embodying
all that dear word really
means. These same millionaires
got their heads together, an archi-
tect and a contractor were sum-
moned, plans and specifications
were called for, inquiries were
made as to how other cities coped
with the problem, and the ball
was set rolling. Montreal is to

have a half million dollar hotel
exclusively for women. It will be
an Adamless Eden so to speak,
and just as unique and tranquil in
many ways as the one only and
original Eden. It will be built
either on Sherbrooke Street, op-
posite the Royal Victoria college
or on Dorchester Street, not far
from the Y. M. C. A. building.

Because of an increased flow
of immigration from continental
ports to Western Canada, and an
increase in the use of the St. Law-
rence route by continental passen-
gers travelling to points in the
Western States, two steamers of the
Red Star Line have been
transferred, and will ply between
Rotterdam and Quebec instead of
between Antwerp and New York
as hitherto.

Increases to the fleets of the
White Star-Dominion, the Thom-
son line and the Allen line have
also been announced. Peculiarly
enough in almost every instance
the vessels are being taken from
the New York trade to the St.
Lawrence—a small fact in itself,
but showing plainly in which way
the wind is blowing.

Happenings in and Around Blairmore

J. Hamar left on Saturday morning for Nelson, B. C., where he will reside in future.

Mrs. W. Harrison and Miss E. J. Kidd are taking over the management of the Cement Lodge.

A pleasant farewell party took place at the residence of Mr. R. C. Green on Friday night last.

M. B. Dawson will shortly open up a plumbing and heating shop in the old P. Burns butcher shop.

All the business places will be closed every Wednesday afternoon until the middle of September next.

There will be Easter services at the Baptist church Sunday morning and evening. Special music in the evening.

The Alberta Trading Co., will remain open until 7 p.m. on Thursday and will be closed on Good Friday—Gales & Hamel.

EGGS FOR HATCHING—Extra fine-bred Barred Rocks—\$1.00 per setting of 15. Apply to
MRS. ROEBERGE,
13-4-4
McLaren's Mill.

On Monday evening at 8 o'clock a congregational meeting will be held in the Mission Hall. A full attendance is urgently requested to deal finally with the church site and building.

W. Howe met with an accident at the cement works on Tuesday, which will confine him to his home for a while. Mr. Howe fell from the roof of the gridding shed which he had been repairing, and received slight injuries to his side and neck.

R. G. McNeillie, district passenger agent of the C. P. R., was in Blairmore on Tuesday. When asked when his company would make this a regular stopping place for the "flyer," Mr. McNeillie was not prepared to say but hoped that the time was not far distant.

Another Brick Build- ing for Blairmore

Frayer & Sinclair have been awarded the contract for the erection of a large brick building for W. J. Budd.

This building will be eighty feet long, fifty wide and will have two stories. It will be of solid brick, of Blairmore's own manufacture, and will be erected on Victoria street, between Sixth and Seventh avenues.

This will make the third business building that Mr. Budd has had erected inside of six months.

Mr. Budd, as many of our readers know, is general manager of the Rocky Mountain Cement Company and he also holds a similar position with the Blairmore Brick Works. These two large industries, in which Mr. Budd is largely interested, have been very successfully operated since he assumed control.

Brick is now being hauled to the site of this building. The frame building, which is being used as a pool room, has been moved across the street and work on the brick structure will start immediately.

Born

At Burmis, on Friday 7th inst. to Mr. and Mrs. E. T. Fitzsimmons, a son.

GREAT ACTIVITY

Prevails at Blairmore—More Build-
ings Are Being Erected—An
Era of Expansion

NEW INDUSTRIES UNDER WAY

Business Is Brisk in Spite of the
Strike—The Town of Great
Opportunities

Blairmore is entering upon an era of expansion which bids fair to far exceed the expectations of the most optimistic of us. New buildings are being erected, business men are extending and enlarging their operations and new industries are heading our way. Some of our citizens are doing considerable to make Blairmore the important place she rightly demands.

Although a coal miners' strike prevails, Blairmore is not by any means stagnant. The builders are busier now than they ever were. The cement mill and lime kilns are going at full capacity, the saw mill has just resumed operations and its daily output is greater than any time previous, while Blairmore Brick Works, with large, renovated and well equipped plant, is about to start operations again when the daily output will be about 45,000 high-grade brick.

We understand also that negotiations are in progress for the establishment of several other industries in Blairmore. We are not in a position just now to divulge the names of those enterprises, but we hope to be able to do so shortly.

That Blairmore is an ideal place for those who are enterprising and wish to establish good legitimate industries of the kind that would find a market in British Columbia or Alberta, can be seen at a glance. We have the raw material here for such and door factory, iron foundry, pulp and paper mills, concrete block manufactory, and box and match factory. We also need a steam laundry, wholesale houses of every description, etc., etc. Truly, this is the land of golden opportunities. Arise, gird thyself, come and enjoy its blessings.

Operations Resumed

The saw mill at the west end of Blairmore resumed operations on Monday last and is now making a larger daily output than ever. This mill was visited by fire on the morning of July 17th last and the entire plant was reduced to ashes. Since then a new and larger plant has been installed and general improvements have been effected around the mill. This is the first time that the plant has been in operation since the conflagration of last summer. We wish the new proprietors, the newly appointed manager, Wm. Barratt and the entire force of workmen success during the coming season and that Kind Providence will protect them from any further devastation.

Happenings in and Around Blairmore

W. G. Campbell, of Calgary, was in town on Tuesday.

D. C. Drain was a visitor to Lethbridge on Saturday.

Mrs. D. C. Drain and daughter returned home from Lethbridge on Saturday.

C. W. Jones, representing the Heinizman Piano Co., visited us on Tuesday.

Mr. and Mrs. Wilfred Wolstenholme returned Friday from a week's visit to Calgary.

Blairmore Lodge, No. 68, I. O. O. F., will celebrate the 93rd anniversary of the order on Sunday, 30th inst., by a church parade.

On Sunday morning last, Mrs. D. A. Sinclair was informed of the death of her brother John, at Wetaskiwin. Mr. and Mrs. Sinclair left that night to attend the funeral.

Mr. and Mrs. J. R. Reuter, now of Lethbridge, but formerly of Blairmore, came to town on Saturday. Mr. Reuter returned home on Tuesday while Mrs. Reuter remained here until Thursday.

Special Easter services will be conducted on Sunday next in the Presbyterian mission hall. There will be special and appropriate music. Morning subject: "The Empty Tomb, and the satisfied Heart." Evening subject: "The Bethany Vision."

On Thursday night last the members of Blairmore Lodge, I. O. O. F., gave a successful smoker and banquet in honor of several of their brethren who proposed to make their departure for new fields. At the hall a programme of speeches etc. was gone through after which about thirty sat down to a sumptuous banquet, where toasts, music and merriment were held till the approach of morning.

Fifty-four Acres For Cemetery

A meeting of the Blairmore council was held in W. A. Beebe's office on Monday evening last. Councillors L. Dutil and H. E. Lyon were present. The chairman reported that he had some very important matters elsewhere to attend to and was not able to be present.

A communication was read from the federal government in which it was stated that the government had transferred to the town of Blairmore fifty-four acres of land on the north side of the river to be used as a cemetery.

Considerable time was spent in trying to decide on a suitable ground but no definite action was taken.

This is about all of the business transacted and the meeting adjourned until Wednesday night.

McLaren's Mill Sold

A big deal has just been put through whereby A. G. Petchen, of Toronto, becomes owner of the saw mill and entire holdings of Senator Peter McLaren, situated at the west end of Blairmore. The new proprietor will take charge on the 1st of May.

Fire at Blairmore

About 8.30 o'clock on Tuesday evening, the south-west section of Blairmore was brilliantly illuminated by a fire which occurred in a house situated on the corner of Fifth avenue and Woodward street and occupied by A. F. McCrea. As soon as the fire was discovered a large crowd hurried to the scene of the conflagration but the flames had got control of the building and it was impossible to save it or any of its contents. About twelve hundred people stood round and watched this devastation, being unable to impede its progress.

There was no person in the building at the time the fire started. What caused the fire is a mystery. The building and most of the furniture were owned by W. Colard, of Red Deer who carried \$2,300 insurance. Mr. and Mrs. McCrea lost a \$500 piano, about \$800 in cash and all their clothes with exception of what they stood in.
